Financial Aid Statement

The function of the financial aid office of the Hebrew Union College-Jewish Institute of Religion (HUC-JIR) is to provide adequate financial assistance to eligible students. This goal is to be accomplished through the coordination of governmental, community, and HUC-JIR resources within the framework of federal and College-Institute regulations and policies.

This manual is a resource to assist the financial aid office in meeting this stated goal. The manual is also available online on our website for students and prospective students. If a given issue is not addressed in the financial aid manual, the financial aid officers will be expected to use professional judgment, based upon the established policy for the administration of all financial aid programs as outlined in this manual.

Award Philosophy

The College-Institute maintains a significant program of financial aid for students who can demonstrate need and merit. As a general rule, students are expected to utilize all available personal resources before turning to HUC-JIR for assistance. Our institution remains committed to the principle that all admitted, qualified students will be able to matriculate regardless of their ability to pay tuition and fees, where institutional financial resources make this possible.

Program Descriptions

Federal Direct Loans

The College-Institute participates in the Direct Loan Program. Within that program our school offers two types of federal loans: the Federal Unsubsidized Stafford, and the Graduate PLUS Loan. The HUC-JIR financial aid office are compelled by law to determine federal loan eligibility on the basis of a government-approved evaluation service. The Higher Education Reauthorization Act requires the College-Institute to use the Federal Free Application for Student Aid (FAFSA) to determine federal loan eligibility.

To be eligible for financial aid a student must first complete the FAFSA online. www.fafsa.ed.gov. This serves as an application to both our need-based scholarship and loan programs.

Unsubsidized Stafford

An unsubsidized loan accrues interest while the student is in school. This loan is not based on financial need and is available to all eligible students who wish to take it, as long as their aid has not surpassed the Cost of Attendance (COA) or their loan amounts have not reached the aggregate limit. Repayment of the principal amount does not begin until six months after the borrower separates from HUC-JIR (by withdrawing, graduating or enrolling below half-time status). The borrower is responsible for the interest beginning on the date of disbursement. There are no penalties for paying off loans earlier than the payment schedule.

Graduate PLUS Loan

The Graduate PLUS Loan is available to eligible students who wish to take out additional funds for the academic year beyond the Stafford loan. Students' eligibility is determined by subtracting their current estimated financial assistance of loans and scholarships from the standard COA for their program. This loan has an 7.6% interest rate and requires a credit check. The Graduate PLUS Loan can be taken out in one or two installments and has a six-month grace period after you separate from the College-Institute (by withdrawing, graduating or enrolling under half-time.)

Eligibility

Matriculated students attending at least half-time, who are not in default and who do not owe a refund in any federally funded program are eligible to apply for Stafford Loans. Students need to be in good standing with current financial aid loans and not in default, may not have a drug conviction or felony on their record, and male students need to be registered for selective service. In addition, students must be legal US citizens or have a green card.

Minimum and Maximum Awards

All United States citizens and legal permanent residents are currently eligible to receive as much as \$20,500 per year in Unsubsidized Stafford Loan monies. Students will be eligible for this amount unless they have reached the aggregate limit (see below.)

The aggregate amount of Subsidized Stafford Loans obtainable is \$23,000 for undergraduate students and \$42,500 for graduate and professional students. The total maximum is therefore \$65,500. The additional aggregate for Unsubsidized Loans is \$46,000 for undergraduate students and \$92,500 for graduate and professional. The total maximum is \$138,500.

Some lenders may indicate a loan minimum (usually \$500) or a lower loan maximum.

Private - Alternative Loans

In addition to the Federal Stafford Loans there are also private student alternative loans students can take out directly with lenders. Most of these loans are based on a student's credit rating and usually have higher interest rates. There are also private student loans for Canadian students as well as international students that certain lenders offer.

Fees

Loan origination fees can vary from 0% to 3% of the principal amount of the loan, depending on your lender. The fee is collected in advance of each loan disbursement by the lending institution.

Interest Rate and Grace Periods

For new borrowers (those with no loans outstanding), the annual interest rate on both Subsidized and Unsubsidized Stafford Loans varies with the 91-day T-bill. Rates in effect after 7/1/2018 is 6.6% during school as well as while in repayment. The current cap rate is 8.25%. If you have any unpaid balances on previous loans, your rate will remain the same as your initial loan. There are no penalties for paying off student loans early.

Deferment

Student borrowers can postpone repayment of loans while enrolled at least half time at the College-Institute. Upon separation from the institution (by withdrawal, graduation or enrolling under half-time), a student will have a six-month grace period for all current financial aid loans taken out during the student's residency at the College-Institute.

Previous loans from other colleges will immediately go into repayment

Student borrowers can postpone repayment of loans while enrolled at least half time at the day you separate from the College-Institute. Questions regarding loan deferment and special conditions should be addressed to the Director of Financial Aid.

Leave of Absence

Students who request a leave of absence from the college will be granted up to 180 days leave. After that amount of time if a student fails to come back to the college they will be automatically withdrawn from the program and loans that are currently on a deferment status will be updated to withdrawn.

Students returning from a leave of absence and have not made up work from the previous semester will not be permitted to take out more Stafford Loans until the student has completed the previous semester's work load or has completed a semester of a course load of at least half time.

For students on a leave of absence, the COA will be adjusted to reflect the student's COA minus the months or days the student is on leave.

Sample Stafford Loan Repayment Schedule

Example: 5.30%			Example: 8.25%	
Loan Amount	# of Monthly Payments	Amount	# of Monthly Payments	Amount
\$1,000.00	21	\$50.00	21	\$51.00
\$3,500.00	86	\$50.00	86	\$50.00
\$5,000.00	120	\$54.00	120	\$61.00
\$8,500.00	120	\$91.00	120	\$104.00
\$10,000.00	120	\$108.00	120	\$123.00
\$23,000.00	120	\$247.00	120	\$282.00
\$65,000.00	120	\$699.00	120	\$797.00

HUC-JIR Financial Aid Scholarships

Year-In-Israel Students

Students eligible for financial aid may receive a scholarship to cover up to full tuition and fees for the Year-In-Israel Program. (Students required to attend the Summer Ulpan will receive an additional ulpan tuition scholarship.)

Stateside Students

Institutional Need-Based HUC-JIR scholarships do not need to be repaid. They are provided directly to the student from the College-Institute's own financial resources, often supported by generous alumni and donors who establish named scholarships. To be eligible for an HUC-JIR tuition grant, a student must demonstrate at least \$5,000 in financial need based on the information in the FAFSA. Approximately 90% of students who apply receive need-based tuition scholarships.

Discretionary Scholarship Fund Policy

Students who have extraordinary financial need may apply for additional HUC-JIR scholarship funds through the Financial aid office. To apply for additional aid, students must submit a letter to the Director of Financial Aid addressed to the "Scholarship Committee", outlining reasons for requesting extra scholarship funds. Additionally, students will need to submit documentation (i.e. tax return) to support their appeal. Each student's case will be reviewed by a scholarship committee and those confirmed as having significant need may be awarded more scholarship if funds are available.

Outside Scholarship Policy

Students receiving full tuition scholarships from external sources that process their awards through HUC-JIR are not eligible to receive additional need-based HUC-JIR scholarship aid.

Half-Time/Full-Time Equivalency

Graduate students may be eligible for a half-time or full-time equivalency, based upon the determination of their academic department, even if they are not enrolled for actual credits. Hebrew Union College defines full-time coursework as a minimum of nine credits and half-time coursework as a minimum of six credits. Full-time equivalency students are expected to spend no less than 113 hours per semester/term and half-time equivalency students are expected to complete a minimum of 75 hours per semester/term in a combination of coursework and/or the appropriate activity or activities listed below:

Students enrolled in capstone or thesis course and/or,
Students in fieldwork, internship, clinical practice, practicum course and/or,
Students participating in supervised research (capstone, thesis or research assistant), Candidacy and Dissertation

International Students

International students may apply for HUC-JIR need-based or merit based scholarships by completing the CSS/Financial Aid PROFILE® (PROFILE). Students who are needy may receive up to a 100% tuition scholarship.

Jewish Nonprofit Management Students

Scholarship amounts in the Zelikow School of Jewish Nonprofit Management Program may vary according to the individual program and major.

Award Eligibility

Financial aid is distributed on the basis of need or merit; all full-time or half-time students are welcome to apply.

Citizens of the United States of America

HUC-JIR's total financial aid program is available to students who can demonstrate need and merit are United States citizens or legal permanent residents. All students are welcome to apply.

International Students

International students with F-1 or J-1 visas are ineligible for any federal or state financial aid programs. As stated on the INS (Immigration and Naturalization Service) I-20 student visa form, international students are expected to provide for their educational and living expenses from personal and family resources.

The Application Procedure

All students seeking need-based financial aid must complete the FAFSA and submit it online at: www.fafsa.ed.gov. HUC-JIR's school code is **G04054**.

Deadlines

The HUC-JIR financial aid deadline is March 6, 2020 for returning students and February 15, 2020 for new incoming MARE/MAJE, DFSSM and RAB students. Other departments have different deadlines. If you wish to be considered for HUC-JIR scholarships and financial aid loans, you **MUST** complete your FAFSA, and submit additional requested information to the financial aid office. After that date, loans can still be processed on a rolling basis. However, missing this deadline will seriously impair the College-Institute's ability to continue need-based scholarship support.

Additional Items

A copy of a student's driver's licence or passport must be submitted to the Financial Aid Office if a student is applying for federal financial aid loans.

Forms submitted without appropriate signatures or missing data will be returned to the applicant. A student's file shall not be regarded as complete and ready for consideration until all requested documents have been submitted.

It is important to complete the application accurately for student financial aid. Errors can result in long delays in both processing applications and receipt of financial aid. Intentional misreporting of information on application forms for federal financial aid is a violation of law and is considered a criminal offense subject to penalties under the U.S. Criminal Code.

Budgets

Budget guidelines are determined by the financial aid director and are based upon budget surveys, cost of living indexes and other data to determine appropriate annual budget amounts for each program. These student budgets—relating to campuses and programs—shall be used to determine financial aid for each applicant.

A nine-month budget will be used for all students attending fall and spring semesters. If the student attends only one semester, the budget is divided by two.

A twelve-month budget will be used for all students attending fall, spring and summer. If the student attends only one semester, this budget figure is divided by three. Half-time students will use a nine-month budget.

Note: A half-time student's educational expenses may be less, and these expenses are usually offset by an increased employment contribution compared to what would be expected from a less-than-full-time student.

Budgets will have the following components:

Tuition for most campuses and programs is \$26,000 for the 2019-20 academic year and is subject to change annually.

Students enrolled in double master's programs at the Zelikow School of Jewish Nonprofit Management are subject to additional tuition for the "second institutions."

Additional fees for other programs are noted in the individual program prospectuses.

Note: Please see the financial aid web page for the COA for each campus and program.

Expected Family Contribution

The College-Institute is guided by the FAFSA analysis in determining financial need for all financial aid applicants. The FAFSA analysis is calculated according to federal standards. It provides financial aid officers with a dollar amount called the Expected Family Contribution (EFC). The EFC is the amount of money, which the student (and/or the student's parent[s]) will be expected to contribute toward the total cost of the student's education. The EFC is recalculated each time the student submits a FAFSA application.

Professional Judgment

As currently directed through congressional legislation and as historically dictated, financial aid officers are empowered to use their professional judgment as the final authority in determining a student's financial aid eligibility. The financial aid officer must use independent professional discretion in recommending variations from established policies and procedures, when, in his/her best judgment, the circumstances warrant such action.

A test of reasonableness, fairness, and legality, backed by the appropriate documentation, should be applied in all exceptional cases without compromising the financial aid officer's or the student's integrity and principles. Concern for the needs and rights of the student coupled with responsibility for institutional and governmental funds must be paramount at all times.

Misrepresentation

If the Financial Aid Office becomes aware that a student and/or student's parents or spouse has intentionally misrepresented facts relevant to the student's financial aid application, and this has resulted or could result in the awarding or disbursement of funds for which the student is not eligible, the financial aid officer must:

1. Conduct a meeting with the student in order to determine whether or not there was intention to misrepresent the facts;
2. Notify the student at the end of the meeting if the case is to be forwarded to the appropriate Dean for possible disciplinary action. Misrepresentation can result in the following:

- The repayment of all wrongly-disbursed funds, and/or
- A decision not to process the financial aid application or to award financial aid.

Any such actions would apply to the current and possibly the following year.

Return of Title IV Funds and Overawards

Return of Title IV Funds

HUC-JIR students who do not complete a semester for which they were registered, billed, and have received Federal Title IV aid, the following will occur:

1. The student will be directed by the Office of the National Registrar to make an appointment with the Director of Financial Aid to discuss the financial implication of their withdrawal from classes.
2. The student must work with the National Registrar to document his/her last date of attendance.
3. Once a date is established, the Financial Aid Office will perform the required Federal Refund calculation to determine how much of the federal student loan was earned and how much, if any, would have to be returned to Title IV aid programs. Once this is determined, the student would be notified of the result by the Director Financial Aid. The National Business Office would then be in touch with the student, if after this procedure it was determined that the student owed the College-Institute any money not paid by their student loan, or returned to their lender.
4. For students who leave the College-Institute and are no longer in communication or are unreachable, if the last date of attendance cannot be determined for the student, then the midpoint of the semester will be used as the last day of attendance to calculate return of funds.

The Financial Aid Office will conduct a Return of Funds Calculation for students who withdraw (officially or unofficially) from the college during the academic year. Steps to ensure this process are as follows:

1. Students must complete an official withdrawal form and submit it to the Registrar's Office - without submitting this form, no withdrawal will be registered and students will remain liable for tuition and other ongoing fees. The withdrawal

form must be completed no later than 10 days after the student has informed the institution of intent to withdraw.

2. A Notice of Withdrawal will be given to the financial aid office from the Registrar's Office with the date that the student has withdrawn from the college.
3. The Financial Aid Office will follow these steps when a student who had taken out financial aid loans withdraws during the semester of an academic year:
 - Funds Calculation Worksheet will be filled out and reviewed by the Financial Aid Office and the Business Office. If a refund is owed, the Financial Aid Office will return funds for the student to COD and the Student Billing Office will return funds to G5.
 - An exit interview is sent to the student via email link and if there is no response within 30 days a hard copy is sent to the student.
 - If a student left in the first semester or mid-year, future loan disbursements will be cancelled.
 - If a student withdraws during the first year in Jerusalem or the subsequent second year, repayment procedures for tuition grants will also be established.

For students on a leave of absence, the Cost of Attendance (COA) will be adjusted to reflect the student's COA minus the months or days the student is on leave.

Overaward

The awarding of financial aid in excess of demonstrated need constitutes an overaward. At the time of awarding, a student's financial aid "package" must be equal to or less than the student's need.

The sequence of procedures in the event of overaward and overpayment is as follows:

1. If over-awarded the following steps may be taken: student loan funds will be reduced for the second semester if the overaward is noticed before the second semester disbursement.

2. If the overaward happens after the second disbursement, funds must be collected from the student. The school will follow federal policy for returning the funds back to the lender.

A Financial Aid Officer has the right to exercise professional judgment if there is a valid reason for lowering an EFC and eliminating the overaward.

Disbursement

Prior to the disbursement of Stafford loan monies, the following procedures must occur:

Loan Counseling

Entrance Interviews

All students borrowing from the Stafford Loan Program for the first time at HUC-JIR must complete an entrance interview before funds will be disbursed for the student. Entrance Interviews are to be completed online by going to this website and choosing your campus location:

<http://mappingyourfuture.org/sge>

Exit Interviews

All students who have received financial aid are required to complete an exit interview before graduation or upon withdraws from the College. Exit Interviews are completed on line as well by going to this website:

<http://mappingyourfuture.org/sgx>

Master Promissory Note

A Master Promissory Note (MPN) has to be current and signed by the student with Direct Loans (information on the "How to Apply" part of the financial aid website.) An MPN is serial and can thus be used every year during the student's residency at the College. By signing an MPN, a student is promising to repay all student loans made under this note. Students may revoke their MPN at any time, however, loans previously disbursed remain an obligation they must repay. An MPN expires ten years after the note is signed. If a disbursement is not made within one year of signing, the promissory note is automatically revoked. Grad Plus loan MPNS have to be renewed every year.

Disbursing Loan Refunds in Students' Accounts

All loan and grant checks are disbursed by the HUC-JIR Business Office. If a student has not submitted all required documentation, a "hold" will be placed on the student's financial aid disbursements. Checks or deposits made into a student's checking account will not be disbursed if a student's HUC-JIR financial aid records have been encumbered for any reason.

Notification of disbursements are sent from the Business Office notifying the student of what kind of loan, amount and date of deposit into a student's College-Institute accounts, as well as their personal bank accounts. This notification will inform the student that they have the right to cancel or reduce their disbursement amounts, and the time frame in which they should alert the school if they choose to do so

Stafford Student Loans are disbursed twice each year for two semester programs and three times a year for students enrolled in fall-spring-summer programs. For late applications student loans will be disbursed on a rolling basis.

If a student owes tuition, fees or has other financial obligations to the College-Institute, the amount due the school will be deducted from the Stafford loan refund.

Satisfactory Academic Progress

Federal Definition

Federal guidelines mandate that all institutions offering Title IV funds have a Standard of Satisfactory Academic Progress (SAP). The following information defines HUC-JIR's minimum standards for SAP to maintain eligibility for all types of financial aid, including Federal (Title IV), State and institutional (HUC-JIR) funding

Programs administered by agencies other than HUC-JIR, such as private scholarships, may have their own academic standards for students. Students will need to contact such agencies to determine their requirements.

Federal regulations require HUC-JIR to establish SAP standards in the following areas:

- Cumulative GPA
- Cumulative Hours
- Maximum Time Frame

The school's SAP policy must include the student's total academic history.

These general principles apply to all HUC-JIR degree programs. In addition to the general principles, students must meet specific guidelines for their individual academic program(s). Program specific requirements are detailed in specific program handbooks.

SAP will be determined every payment period (semester.)

To earn hours at HUC-JIR, a student must receive a grade of A, B, C, Pass or Low Pass. Any other grade does not earn hours, but will count as hours attempted, but not as hours earned.

Classes from which a student has withdrawn, will be counted as hours attempted but not hours earned, and will thus have a negative impact on a student's ability to satisfy SAP requirements.

Classes in which a student receives a grade of Incomplete (I) count as hours attempted but not as hours earned. Therefore, these will have a negative impact on a student's ability to satisfy SAP requirements.

When a student repeats a course, the total attempted hours will increase with each repeat, but the student will only earn hours for a completed course once. Therefore, repeating courses will have a negative impact on a student's ability to satisfy SAP requirements. When a student repeats a course the higher grade will be counted towards the student's cumulative GPA

Attempted hours include all coursework attempted, including transfer credits, passed, repeated, incomplete, failed and withdrawn courses. Attempted hours do not include courses that have been waived, or where advanced standing has been granted

Transfer students will be evaluated at the time of enrollment using the same SAP standards

Students who change programs or seek to earn additional degrees are evaluated at the beginning of the semester of the new program or additional degree.

HUC-JIR Students

Cumulative GPA

For students in programs where a GPA is calculated, or those students who have chosen to receive letter grades, a student must maintain a 2.5 cumulative GPA or better to satisfy SAP requirements

For students enrolled in programs that offer Pass/Low Pass/No Pass grading, students must pass at least 70% of the credits they have attempted to satisfy SAP requirements.

Cumulative Hours Earned

In the first year students must pass (earn) 50% of their credits attempted in that academic year. Starting in the second year students must pass (earn) at least 70% of the credits that have attempted to satisfy Sap requirements.

Maximum Time Frame

HUC-JIR students will be eligible for financial aid for a maximum time frame of 150% of the published number of required credits. Thus, if a program is anticipated to require 100 credits for completion, then a student would become ineligible for financial aid as of the completion of the 150th credit. Eligibility for financial aid ends at this time regardless of whether that student has received financial aid or not during the period of study.

Good Standing

Good standing by semester will be evaluated by the registrar and will report to the Financial Aid Office every pay period who is not in good standing as well as who is on academic probation, suspension or dismissal with the program. Good standing is defined in the [National Student Academic Handbook](#).

A student in good academic standing:

- is not on probation
- is making acceptable progress toward his/her degree or certificate
- has earned grades at the "Pass" or "B" level or higher
- has no more than one LP or C in a semester

If a student receives two or more "LPs" or "C's" and/or fails one or more courses in a semester, the Program Director shall meet with the student to provide counseling and guidance. The Program Director may place the student on probation and may convene a Student Tenure Committee.

If he/she receives another "LP," "C" or "F" during a period of probation, he/she will be asked to appear before a Student Tenure Committee.

If the student fails two (2) courses at any time within two consecutive semesters, he/she will meet with the Student Tenure Committee.

If a student fails three (3) courses over two academic years, the student will automatically be suspended. He/she has the right to appeal to the Student Tenure Committee for reinstatement, citing any extenuating circumstances.

Failure to Meet Satisfactory Academic Progress Requirements

Students who do fail to meet the satisfactory academic progress standards will be placed on Financial Aid Warning (FAW) for a period of up to one payment period (semester.) During the FAW, a student remains eligible to receive financial aid. Students who do meet SAP requirements during the end of the warning period will be returned to normal status and will continue to be eligible for financial aid awards and loans. Students who do not meet SAP requirements at the end of the payment period will be placed on Financial Aid Suspension (FAS.)

Students returning to HUC-JIR while they are on FAS must meet the requirements of HUC-JIR's SAP policy in order to regain eligibility for financial aid.

Appeals

Students on FAS may make a written appeal to the Director of Financial Aid. Financial aid may be reinstated by the Director upon demonstration of mitigating circumstances which must be documented to the satisfaction of the Director along with a written letter of appeal from the student. Examples of mitigating circumstances and appropriate documentation include, but are not necessarily limited to:

- Serious illness of student, documented by a signed statement from a physician that the illness interfered with the student's ability to meet SAP requirements, along with a written letter of appeal from the student.
- Serious illness of an immediate family member, documented by a signed statement from a physician along with a letter of appeal from the student.
- Death of an immediate/close family member, documented by assigned statement from a clergy person, nearest relative or an unbiased, concerned adult, along with a written letter of appeal from the student; or
- Disruptive internal family problems, documented by legal/court documentation from an attorney, statement from parents, clergy person or an unbiased concerned adult, along with a written letter of appeal from the student.

Students on FAS who have submitted an appeal and are approved will then be put on Financial Aid Probation (FAP) for one payment period. If SAP is restored

at the end of the payment period financial aid eligibility will continue. If students on FAP who do not successfully make SAP at the end of the pay period can submit an academic plan with their academic advisor with a time frame of when the student will successfully make SAP and an action plan to restoring SAP. If a student has an active academic plan in place a student will be eligible for financial aid while following their academic plan.

Refunds and Repayment

All tuition and fees are refunded on a pro rata basis, using the number of remaining months divided by either the 9-month or 12-month term. Please see our [Tuition and Fees Policy](#) on the web for further information.

Financial Aid File Maintenance

To ensure that all required documents have been received and to aid internal and external audits, all files will be maintained as follows:

Documents Required in Each Financial Aid File:

- Student Aid Report - Analysis generated from the FAFSA
- Award letter
- Driver's License or Passport photo ID
- Miscellaneous communications from students

Paperwork that is serial and used every year will be brought forward to the current year file.

Maintenance of Records

To comply with federal requirements, the financial aid officer will maintain a master record for each student receiving financial aid.

All financial aid folders will be maintained for three years after submission of the student's last financial aid application. Records involved in any claim or expenditure questioned by federal audit will be retained until that question is resolved. After the three-year retention period has elapsed and all open issues resolved, the financial aid materials will be destroyed.

Confidentiality

As specified by law in The Federal Family Educational Rights and Privacy Act of 1974 ("Buckley Amendment"), all information in a student's financial aid file is confidential and may not be released or discussed with anyone except as provided by law.

Adequate records of request must be maintained for information disclosure.

To disclose financial aid information, written consent from the student is required and must:

- Specify records to be released
- State the purpose of the disclosure
- Identify the party(ies) to whom disclosure may be made
- Be signed and dated by the student.

Information must be disclosed without written consent of the student to:

- Students who request information from their own records
- Authorized representatives of federal- and state-supported programs for the purpose of audit and evaluation;
- The College's duly appointed auditors, for the sake of audit and evaluation

Information **may** be disclosed **without** written consent of the student to:

- Personnel within the institution determined to have legitimate educational interest
- Officials of other institutions in which the student seeks to enroll
- Organizations determining financial decisions concerning eligibility, amount, condition, and enforcement of terms of said aid
- Organizations conducting studies to develop, validate, and administer predictive tests, to administer student aid programs, or to improve instruction
- Accrediting organizations carrying out their accrediting functions
- Parents of a student who have established that student's status as a dependent according to Internal Revenue Code of 1986, Section 152
- Persons in compliance with a judicial order or a lawfully issued subpoena, provided that the institution first makes a reasonable attempt to notify the student.

The Administration of Financial Aid Programs

Responsibility for the administration of financial aid programs is a joint effort of the Financial Aid Director, the Registrar, the Business Office and the Deans, who act in an advisory capacity. The Board of Governors of the College-Institute reviews and ultimately sets HUC-JIR financial aid policies.

The Financial Aid Office

- Determines each student's financial need, eligibility for specific programs, and the amount of aid to be awarded from each program
- Maintains student financial aid records (on paper and electronically, as appropriate) and required reports that relate to those records
- Authorizes the Business Office to disburse specified types and amounts of funds
- Stays informed of government and state policies and implements school policies to stay in compliance with the Department of Higher Education.
- Oversees all processes for the student financial aid program.
- Awards and processes Institutional Scholarships, federal and private student loans.
- Reports to the Department of Education and updates file rosters to the NSLDS in a timely and regular basis. When a roster has been updated it is reported to supervisory personnel in a timely manner.

Monitoring of the Financial Aid Office is conducted by the Chief Financial Officer or Controller for the College-Institute. A sample population of student files of randomly selected students at all campuses is chosen and reviewed twice a year and sample student selections represent every pay period. Monitoring of student billing is managed by the Chief Financial Officer.

The Business Office

- Disburses funds

- Maintains permanent, cumulative records of disbursements to students as confirmation of receipt of funds
- Exercises due diligence in the collection of College-Institute loans
- Enforces holds placed on student checks by the Financial Aid Office
- Works closely with the Financial Aid Director to work out problems with individual disbursements
- Notifies students of type of loan funds, amounts and when funds are credited to students accounts.

The Registrar

- Is responsible for the maintenance of students' academic credits including semester and cumulative units and the grades received for those units
- Monitors students' adds, drops, and withdrawals of units and the exact date on which these events occurred
- Notifies the Financial Aid Office of the date when students add or drop units, withdraw or graduate
- Notifies the Financial Aid Office of students who are not making satisfactory academic progress. (See section on "Satisfactory Academic Progress," above.)

Hebrew Union College-Jewish Institute of Religion

Mission Statement

The Hebrew Union College-Jewish Institute of Religion defines itself as the academic arm of Reform Judaism dedicated to the study of Jewish and related disciplines in the spirit of free inquiry. Students are welcome who meet the College-Institute's standards of scholarship and who, whatever their faith, are devoted to the exploration of the Judaic heritage. The College-Institute sees itself as standing for freedom of research, publication and instruction.

—By resolution of the Board of Governors

Accreditation

All four campuses of Hebrew Union College-Jewish Institute of Religion, In Cincinnati, Jerusalem, Los Angeles, and New York are accredited by the Middle States Commission on Higher Education (3624 Market Street, Philadelphia, PA 19104, 215-662-5606).

Copies of the most current HUC-JIR accreditation reports are available, upon request, in the Library. You may also find them under the [Institutional Research & Advancement](#) section of the website.

Association with Other Schools

Hebrew Union College-Jewish Institute of Religion is affiliated with the University of Cincinnati, the Greater Cincinnati Consortium of Colleges and Universities, the University of Southern California, San Francisco State University, Washington University in St. Louis, New York University, the University of Pittsburgh, General Theological Seminary, the Jewish Theological Seminary of America, and the Hebrew University in Jerusalem. These associations provide for cross-registration privileges, the use of libraries and other facilities, joint course offerings and cooperative degrees.

Consumer Information

Recent legislation requires all educational institutions participating in a federal loan program to provide its students with information pertaining to the following items:

- Any special facilities and services available to handicapped students
- An annual campus security report
- Completion and graduation rates
- Drug and alcohol abuse prevention information

Due to the fact that the content of this information varies from campus to campus, the information listed above is distributed annually, by campus, at the beginning of the academic year.

Consortium Agreements

A Consortium Agreement will allow a student to use some of their federal student aid (Stafford, Unsubsidized Stafford, and PLUS loans,) at another approved school or program. Federal regulations allow only one institution, the "home institution" to award federal financial aid. As the "home institution," HUC can recommend these forms of aid when its students study elsewhere, and obtain permission in advance to transfer courses to the HUC degree program. Academic progress standards for HUC do not change during the period of agreement. HUC will maintain all records related to the student's aid. Awards are based on the actual cost of tuition and fees at the Consortium School and HUC's cost of attendance for the appropriate program.

This form may be used for courses to be taken elsewhere, provided you have the form completed by the Consortium School/Program. As with most forms of aid, you also file a Free Application for Federal Student Aid (FAFSA).

[Click here to download the Consortium Agreement Form](#)

Directions

1. Complete Section A of Agreement. Be sure to sign.
2. Obtain signature from advisor stating that permission has been granted and credits will transfer as equivalent to HUC credit. Grades achieved at a visiting school will not necessarily be averaged in the student's HUC GPA.
3. Have Consortium School complete Section B of Agreement and return to:

Hebrew Union College-Jewish Institute of Religion
Office of Financial Aid
1 West 4th Street,
New York, NY 10012

or fax to (212) 358-7752
