ACADEMIC SYMPOSIUM

“Imagining the Jewish Future”

Kingsgate Marriott Conference Center

Sunday, June 8, 2014 at 10:30 am – noon

This symposium initiates a renewed effort to elevate the level of discourse in our community and envision a vibrant, innovative, and achievable Reform Jewish future. Distinguished HUC-JIR faculty, leading guest scholars, and alumni thought leaders will offer interactive TED-style talks addressing topics directly relevant to reimagining Jewish life. The six talks will be presented twice at 10:30 am and 11:15 am. Choose two talks and following each talk you will have the opportunity to engage in a brief dialogue with the presenter. All talks will be videotaped, posted on the HUC-JIR website, and shared with congregations to support learning across the entire Reform Movement.
