Dear HUC-JIR Students, Faculty, and Staff,

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (known more simply as the Clery Act) was signed into law in 1990. The Clery Act requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campus(es). As part of its Clery Act reporting responsibilities, the College-Institute prepares and submits an annual security report to the United States Department of Education. This report, a copy of which is attached, contains the College’s safety and security related policy statements and crime statistics for each of our campuses. Additional copies of the report are available in a paper or electronic format through the National Office of Human Resources and the Directors of Operations on each campus.

For additional questions, please feel free to contact me directly.

Sincerely,

Jeremy Perlin
National Director of Legal Affairs & Human Resources

2013 Annual Security Report

Table of Contents

**Section I** - Current campus policies regarding procedures for students and others to report criminal actions or other emergencies occurring on campus.

a. Policies for making timely warning reports to members of the campus community regarding the occurrence of Clery Act crimes.
b. Policies for preparing the annual disclosure of crime statistics.
c. A list of titles of each person or organization to whom students and employees should report criminal offenses described in the law for the purpose of making timely warning reports and the annual statistical disclosure.

**Section II** - A statement of current policies concerning security of and access to campus facilities, including campus residences; and security considerations used in the maintenance of campus facilities.

**Section III** - A statement of current policies concerning campus law enforcement, including:

a. The law enforcement authority of campus security personnel.
b. The working relationship of campus security personnel with state and local law enforcement agencies, including whether the institution has agreements with such agencies, such as written memoranda of understanding, for the investigation of alleged criminal offenses.
c. Policies which encourage accurate and prompt reporting of all crimes to the campus police and appropriate law enforcement agencies.
d. A description of procedures, if any, that encourage pastoral counselors and professional counselors, if and when they deem it appropriate, to inform the person they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

**Section IV** - A statement that describes:

a. The type and frequency of programs designed to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others.
b. A description of programs designed to inform students and employees about the prevention of crimes.

**Section V** - A statement of policy concerning the monitoring and recording, through local police agencies, of criminal activity in which students engaged at off-campus locations of student organizations officially recognized by the institution, including student organizations with off-campus housing facilities.

**Section VI** - A statement of policy regarding the possession, use, and sale of alcoholic beverages and illegal drugs.

**Section VII** - A description of any drug or alcohol abuse education programs as required under Section 120(a) through (d) of HEA.

**Section VIII** – Sexual Assault Policy.

**Section IX** - A statement that the institution will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

**Section X** - A statement of policy regarding this institution’s emergency response and evacuation procedures.

**Section XI** – Campus Crime Statistics.

Appendices – Tables of Federal Trafficking Penalties.
Section I

a. Timely Warnings to the Campus Community

In the event that a situation arises, either on or off campus, that in the judgment of the respective Dean of each Hebrew Union College-Jewish Institute of Religion (herein the “College-Institute”) campus constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the College-Institute’s AMG Alert System to the appropriate segment (e.g. students, faculty, and staff) that needs to be notified.

Depending on the particular circumstances of the situation, especially in all situations that could pose an immediate threat to a campus’s community and individuals, the Senior National Director for Public Affairs may also post a notice on the College-Institute’s website (http://huc.edu/), providing the effected community with more information and resources. Anyone with information warranting a timely warning should report the circumstances to their campus’s security office at:

- Cincinnati: (513) 487-3340
- Los Angeles: (213) 745-7758
- New York: (212) 824-2333

b. Annual Disclosure of Crime Statistics

The College-Institute prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on the College-Institute’s at http://huc.edu/hr/. This report is prepared in cooperation with the local law enforcement agencies surrounding the College-Institute’s campuses and the following College-Institute departments/personnel: the National Director of Human Resources, the Office of Institutional Research and Assessment, campus Deans, and campus Directors of Operations. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to local law enforcement agencies and designated campus officials. Each year, an email notification is made to all enrolled students, as well as current faculty and staff, that provides the web site to access this report. Copies of the report may also be obtained at each campus’s security office/desk and from the Directors of Operations on each of the College-Institute’s campuses. All prospective employees may obtain a copy from the National Director of Human Resources (x3215).

c. Reporting Criminal Offenses and Confidentiality

To report a crime:

Contact campus security at the numbers listed above (non-emergencies) or dial 9-1-1 (emergencies only). Any suspicious activity or person in the parking lots, or loitering around vehicles, and inside campus buildings should be reported to campus security. In addition, crimes may be reported to the following campus security authorities:
If you are the victim of a crime and do not want to pursue further action within the College-Institute’s internal disciplinary system or the local criminal justice system, you may still want to consider making a confidential report. With permission, your campus’s Director of Operations can file a report on the details of the incident without revealing your identity. The purpose of the confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the College-Institute can keep an accurate record of campus incidents, determine whether there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the College-Institute.

During business hours, the College-Institute will be open to students, employees, contractors, guests, and invitees. During
non-business hours access to all College-Institute facilities is by personal key card or by admittance due to special events. In the case of periods of extended closing, the College-Institute will admit only those with prior written approval to all facilities.

Section III

a-b. Security Personnel Authority and Working Relationship with State & Local Law Enforcement

The College-Institute engages the services of private security firms on each of its campuses. Individuals employed by these firms provide access control and reporting of all safety and security issues. College-Institute security personnel do not have the authority to apprehend or arrest anyone involved in illegal acts on-campus and areas immediately adjacent to the campus. Their primary function is to limit access and observe activity. If minor offenses involving College-Institute rules and regulations are committed by a student, campus security may refer the individual to the campus’s Dean to determine further disciplinary action.

Major offenses such as rape, murder, assault, robbery, and auto theft will be reported to the local police and joint investigative efforts are deployed to solve these serious felony crimes. Campus Directors of Operations and security personnel work closely with the following local police agencies:

- Cincinnati Police Department’s District Five: (513) 569-8500
- University of Southern California Department of Public Safety: (213) 740-4321
- New York Police Department’s 6th Precinct: (212) 741-4811

There are no formal Memoranda of Understanding with these police authorities. The College-Institute requests information from these authorities regarding any crime within public spaces surrounding or adjacent to the campus. The College-Institute will annually obtain written statements from each of their security contractors acknowledging their responsibility under the Clery Act, including the appropriate training of any security guards assigned to work on-campus.

c. Accurate and Prompt Reporting of Crimes

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to their local campus in a timely manner.

To report a crime or an emergency, call:

- Cincinnati Police Department’s District Five: (513) 569-8500
- University of Southern California Department of Public Safety: (213) 740-4321
- New York Police Department’s 6th Precinct: (212) 741-4811

To report a non-emergency security or public safety related matter, call campus security:

- Cincinnati: (513) 487-3340
- Los Angeles: (213) 745-7758
- New York: (212) 824-2333

d. Pastoral/Professional Counselor Informing Procedures

All reports will be investigated. Violations of the law, including any crimes known to have occurred on campus, will be referred to law enforcement agencies and when appropriate, to the Student Tenure Committee for review. When a potentially dangerous threat to the College-Institute community arises, timely reports or warnings will be issued through the AMG alert system.

Section IV

a-b. Programs Designed to Inform Students and Employees about the Prevention of Crimes
Through its partnership with United Educators Insurance, HUC-JIR students, faculty, and staff have access to a variety of free online resources (https://www.ue.org/learnue/onlinecourses.aspx) that are appropriate to their respective roles in the campus community. The following are some of the relevant online course offerings for student, faculty, and staff:

- “Preventing Workplace Harassment”;
- “Sexual Misconduct: A Manager’s Guide to Prevention & Response”; 
- “Sexual Misconduct: How Teachers and Educators Can Protect Our Children”; 
- “Student Threat Assessment Teams”;
- “Short Term International Programs”;
- “Lasting Choices: Protecting Our Campus from Sexual Assault”.

To learn more about the various crime prevention educational resources that United Educators offers, contact the National Director of Human Resources at (513) 487-3215.

Section V

There are no recognized student organizations at the College-Institute that operate via off-campus locations or housing facilities.

Section VI

a-b. Policies Regarding the Possession, Use, and Sale of Alcoholic Beverages and Illegal Drugs

The College-Institute is committed to maintaining a drug-free environment in accordance with the requirements of the federal Drug-Free Workplace Act and the amended Drug-Free Schools and Communities legislation. The unlawful manufacture, possession, use or distribution of illicit drugs and unauthorized alcohol by all students and employees on College-Institute property or at any College-Institute-sponsored activity, function, or event are strictly prohibited irrespective of whether such activities occur before, during, or after the College-Institute’s regular business hours. This standard also applies to College-Institute-sponsored social activities and professional meetings attended by employees or students. The College-Institute, however, does recognize that the conditions of alcohol and drug dependency may be considered disabilities under state or federal law. It is the policy of the College-Institute not to discriminate on the basis of such recognized disabilities.

The health risks associated with the use of illicit drugs and the abuse of alcohol are detailed in Section VII. The College-Institute strongly advises the members of its communities to be aware of and/or take advantage of the many assistance programs available in our communities listed in Section VII.

The law requires that College-Institute students, faculty, and staff members notify the College-Institute of any criminal drug statute conviction for a violation occurring on a College-Institute campus or as part of any College-Institute-sponsored activity not later than five days after such conviction. A conviction may result in any of the following disciplinary actions on the part of the College-Institute:

- Warning (verbal or written)
- Suspension
- Expulsion/Termination
- Participation in a drug/alcohol abuse assistance or rehabilitation program

For a list of federal trafficking penalties for illicit drugs, please see the tables after Section XI.

Sexual Assault Policy

Sexual assault is a serious violent crime. It is a crime of hostility and aggression, as well as a violation of human dignity. The FBI defines a sex offense as “any sexual act directed against another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent”. Sexual assault is also unique in its physical and mental impact upon the victim. Should it occur, it is a flagrant violation of Hebrew Union College-Jewish Institute of Religion standards.

The College-Institute community expects its members to treat all individuals with respect and dignity and will not tolerate any form of sexual assault or sexually harassing behavior of any type. Sexual activity should be explicitly agreed upon by both parties. A person has the right at any time to say “no” to sexual activity and to be understood that “no” means “no”. Verbal communications of non-consent, non-verbal acts of resistance or rejection, or mental impairment of the victim due to any cause including the victim’s use of alcohol or drugs all constitute a lack of consent. The same holds true whether the assailant is a stranger or an acquaintance. The use of alcohol or drugs will not be accepted as an explanation for the actions of any person charged with the violation of this policy. Wanton, unacceptable conduct will and must be addressed severely for the good of the students and the entire community.

Students who violate this policy may be disciplined under the College-Institute’s sexual harassment policy and may be prosecuted under state criminal statutes. Whether or not a criminal prosecution occurs, the College-Institute retains the right to proceed with disciplinary action at any time, and need not await the disposition of any such criminal prosecution. Appropriate disciplinary action may include counseling, educational sanctions, disciplinary probation, suspension, expulsion, and referral to the proper law enforcement authorities for prosecution. Should the victim and alleged assailant be enrolled in the same class, alternative class assignments may be made.

Grievance Procedure for Sexual Assault

If an assault occurs, it should be reported to the Campus Dean or the National Director of Human Resources. Each of these campus resource persons pledges confidentiality consistent with the wishes of the complainant and the risk of harm inherent in the situation. Information will be shared only with relevant medical and/or therapeutic personnel until such time that a decision is made or temporary, indirect, or direct action taken.

Assaults that occur off-campus should be reported to the local police (911). If law enforcement officials are notified first, it is still recommended to contact a campus resource person so that appropriate measures can be taken and support provided.

When an alleged sexual assault is reported, campus contact persons will discuss with the victim the range of resources and alternatives available to him/her. The discussion should include encouraging the victim to report the incident to law enforcement authorities. The College-Institute can help arrange a meeting with law enforcement authorities and will offer to provide individuals to accompany and support the victim during the meetings.
Formal Procedures

The Individual is encouraged to file a formal report, not only in order to deter such assaults from happening to others, but also to ensure services that enhance recovery. However, the choice as to how to proceed after the assault belongs solely to the victim.

A student who has been sexually assaulted deserves the right to a complete investigation, which may involve local law enforcement, before making a decision about how to proceed with the case. Not all incidents of sexual assault result in criminal proceedings. In some cases, the victim may choose not to press criminal charges. In other cases, the prosecutor may decide that there is insufficient evidence to meet the burden of proof "beyond a reasonable doubt". Whether or not criminal proceedings are initiated, campus disciplinary proceedings will be started when the evidence warrants. Rights and options will be discussed with the student. A victim’s identity will be kept confidential.

Even if charges are not pursued, reporting the assault is a way to regain a sense of personal power and control by enabling the victim to do something about the crime committed. Furthermore, information provided may help in the prevention of sexual assault and the protection of other potential victims.

Campus Disciplinary Procedures

The adjudication of sexual assault cases is complicated by several factors including: the criminal nature of the offense; the fact that the alleged victim and perpetrator may know one another and/or have classes together; the event may have occurred sometime before it was reported, and may involve the use/abuse of alcohol or drugs by either or both individuals.

The College-Institute has the authority to discipline a student for sexual assault even though the same student may be awaiting trial or may have been tried in a criminal proceeding. College-Institute disciplinary proceedings do not follow the same rigid procedures as criminal cases. Disciplinary sanctions may be imposed upon findings of a probable violation of College-Institute policy, rather than under the higher standards used in criminal trials.

The College-Institute will follow the procedures of the Non-Academic Student Tenure Hearing described in the National Student Academic Handbook. The accuser and the accused are entitled to the same opportunities to have others present during campus disciplinary proceedings and both accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding alleging a sexual assault. However, in accordance with the provisions of the Family Educational Rights and Privacy Act (FERPA), the victim must be informed that the information provided may not be shared with any other person without the assailant’s signed written consent.

Recommended Action

The purpose of this material is to provide information and assistance to sexual assault victims and persons who may come into contact with a victim. Making decisions and regaining control are important to the healing process after an assault. The choice of how to proceed after the assault belongs largely with the victim. The following are a number of factors to consider. The College-Institute encourages reporting all incidents of on-campus sexual assault as quickly as possible to a campus resource person.

Resources

- College-Institute Campus Dean
- Campus Operations Director
- National Human Resources Director

Emotional Trauma is severe after a sexual assault. The violation, loss of trust, and loss of control can have a serious long-term impact. It is not unusual for a person to withdraw, feel guilty or distrustful. However, there are many people who understand and places where support is available while one is recovering. The Campus Dean and the National
Office of Human Resources will have a list of resources from which to receive such support.

Medical attention is critical. Even if the student ultimately decides not to report the assault to the police, it is still very important to seek medical attention immediately for possible internal injuries or sexually transmitted diseases. Also, the collection of medical evidence becomes critical in the event of prosecution. Therefore, it is important to seek medical attention promptly and to refrain from:

- Taking a shower or washing any part of your body;
- Douching;
- Brushing teeth;
- Drinking liquids;
- Changing clothes or changing sheets before seeking medical help;
- Putting anything in the mouth (gum, cigarettes, mints…).

A victim may seek attention at a local hospital Emergency Room. At the Emergency Room, the doctor will collect hair samples, semen samples, and other evidence, including clothing. A victim should bring a change of clothing to wear home. The police will be contacted to take possession of the samples until the victim makes a decision about whether or not to press charges.

Counseling is a very important step in helping someone who has been sexually assaulted regain control of his/her own life. Sexual assault is an extremely traumatic experience that needs professional attention. The College-Institute urges students involved in a sexual assault to meet with a counselor. Among the other things, counselors can help victims decide what further steps should be taken following an assault. A list of other community resources will be available from the Campus Dean and the National Director of Human Resources.

**Note to Friends, Faculty and Staff**

If someone who has been sexually assaulted comes to you, encourage the person to report the incident, seek medical attention, and pursue counseling. If the victim will not report the assault, anyone with knowledge of the assault may inform the Campus Dean that a sexual assault has occurred.

**Section IX**

The College-Institute will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the College-Institute against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the College will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

**Section X**

When circumstances require the immediate evacuation or closure of any facilities, the College-Institute utilizes the AMG Alert System. Enrollment in this system is required (at no cost) of all students, faculty, and staff. The AMG sign-up form is included in the new hire packet for faculty and staff. The Office of the Registrar will facilitate the AMG sign-up for all new students to the College-Institute’s stateside campuses.

The AMG Alert System has the capability to distribute emergency messages in three different ways: 1) email, 2) text message, and 3) land line phone call. The Directors of Operations on each campus have the ability to alter the content of the emergency notifications based on the situation. For instance, in a weather-related emergency, the Directors of Operations can refer recipients of the notification to the College-Institute’s website (http://huc.edu/) and to keep monitoring local news outlets (where all College-related status updates will be announced). In the event that the internet is inoperable, the Directors of Operations can call AMG at (877) 365-1964 to have the notification sent out by an AMG representative.

Upon the hiring of a new employee and during orientation for new students, they will be required to fill out the AMG notification form (https://www.amgalerts.com/frmUserInput.asp?USR=R15HEB1551&Cat=0100). The AMG roster will be updated and “cleaned” annually by the National Director of Human Resources and the Office of Institutional
Research and Assessment.

If a significant emergency or dangerous situation involving an immediate threat to the health or safety of staff or students occurs on any College-Institute campus, a notification will be issued to that campus community as quickly as possible. The following list identifies the individuals responsible for specific actions during an emergency or dangerous situation on each campus:
