

SOMETHING SMELLS PHISHY

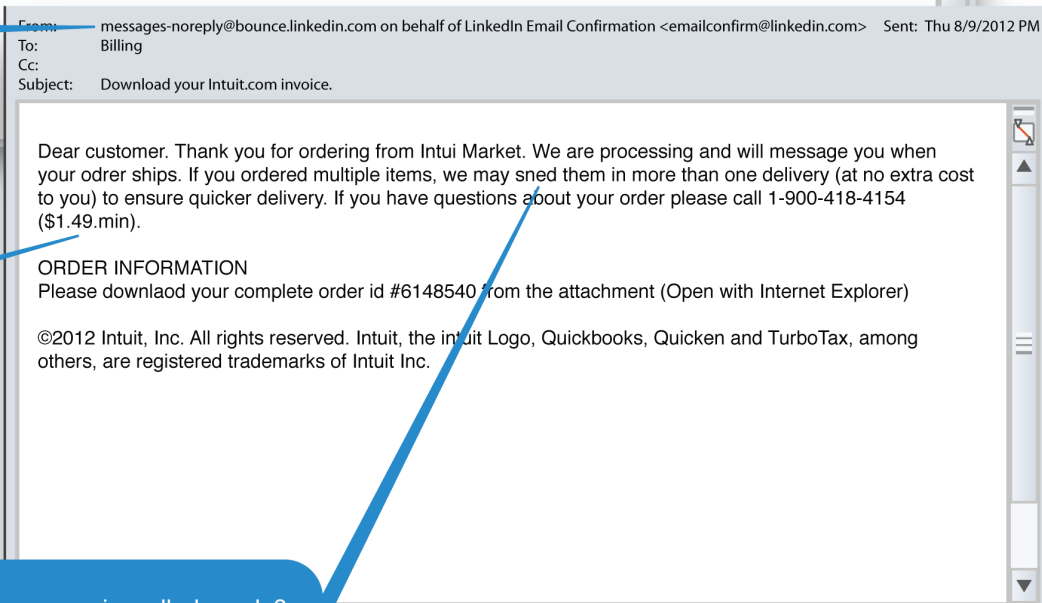

Even if the IRS would send you an email, would it be sent from this domain—"service.govdelivery.com"? Government emails end in ".gov", not ".com"

When is the last time the IRS contacted you via email?

See any typos or grammar mistakes? See: "by the your financial institution"

Why does a confirming email for an Intuit purchase come from a "LinkedIn" account?

When is the last time you ordered a product and would be charged to talk to customer service?

See any typos or misspelled words?

Look out for clues to outsmart The Phisherman
